5 STEPS TO SUCCESS

1) Choose your challenge!

Pick a habit or goal you'd like to take on — no step is too small.
(Even walking to school instead of driving helps our environment!)

2) Share your journey.

Tell your friends, family, and neighbours about your project and class link — your enthusiasm is contagious!

3) Capture and Share Your Moments!

Send a short video or photo of your best moments — everyone's busy, so a friendly reminder will make them smile and cheer you on!

Send your picture or drawing to your CVC to enter the Snap & Share Contest — show off your funniest, silliest, or sportiest moments!

4) Check for free time and free money.

Some companies have employee giving or social impact schemes — like matched donations, paid volunteering days, or support for employee-led charity projects. Have a look at what's available through your company's CSR or Community Engagement programme.

5) Celebrate your impact.

Every effort counts. Together, we make St Joseph's stronger, healthier, and prouder each year. Let's reach our target — together!
